Main factors behind year-on-year
changes

aross profit] +209.6 billion yen creased largely due to growth in tomotive sales volume, increases in etal market prices, and rising ectricity prices in Europe.

perating profit +94.6 billion yen creased largely due to an increase in oss profit, which offset higher selling, neral and administrative expenses.

Profit attributable to owners of the rent +61.9 billion yen

creased largely due to an increase in perating profit as well as an increase in e share of profit (loss) of investments counted for using the equity method, spite the impact of a year-earlier onene gain.
